

Interview of Jean-Luc Geronimi (FR)

**Participant in the DIY Geiger counter workshop led by Erich Berger @
la Gaîté Lyrique in Paris 13-14.12.2014**

> What attracted you in this workshop and what were your expectations?

Learning and sharing an open source DIY project.

> Can you describe what things you learned in this workshop? What did you learn that was unexpected?

Many things about radioactivity and electronics.

> What are you going to do with this knowledge now?

Use them for fun and I will try to learn more about it.

> Would you like to develop these skills/knowledge further or was what you learned sufficient for your own objectives?

Yes I will. It is a starting point...

> Will you collaborate in future with the people you met in the workshop?

I hope so if I have the opportunity...
